

At New England Halloween Fest?

As true lovers of the Halloween season, our mission is to create the ultimate celebration of all things spooky. Guests can look forward to a wide variety of one-of-a-kind vendors offering Halloween and spooky-season merchandise you won't find in retail stores, a paranormal museum featuring dozens of haunted artifacts, and a witch museum exploring the story of Alse Young—the first recorded person executed for witchcraft in the thirteen American colonies. The event also includes live pumpkin carving by professional artists, a pumpkin patch filled with stunning carved displays, and appearances by select celebrities from your favorite Halloween films and TV shows.

And that's not all! We'll have exciting programming scheduled throughout the entire weekend. Kick back and relax in our movie room, featuring a carefully curated lineup of seasonal favorites, or head over to the panel area, where engaging Q&A sessions will be happening all day long. There's always something spooky

and entertaining to enjoy at New

England Halloween Fest!
